

# CONTRACTORS E&O COVERAGE

No matter how careful you are, mistakes can happen. And even if you think you've done everything right, a client may claim a negligent act or an error or omission in the construction services you've provided. Contractors Errors & Omissions (E&O) helps provide protection for claims of negligence not generally covered by general liability policies. Our Contractors E&O coverage can be added to a Business Owner's Policy (BOP) you already have with us.

## CLAIMS EXAMPLE:

HVAC contractor installs ducts for Brookside condominiums. As part of the project, the contractor also designs the installation for the ducts. Because of the negligence in design, water collects in the vents, causing water damage to the walls. The Contractors Limited Professional and Contractors Broadening Endorsement would help cover the consequential damage to the wall and the damage to the ducts.
