## BUSINESS OWNER'S POLICY (BOP)

A BOP can help protect your business in much the same way that a homeowners policy protects your home and personal possessions. The Hartford's BOP combines these essential coverages to provide a cost-effective solution to help safeguard your office:

- **Business Property insurance** to help protect the property you own, lease or rent
- **Business Liability coverage** to help protect your business in the event it is responsible for causing harm to a person and/or damage to property
- **Business Income coverage** to help protect lost income if your business is forced to close due to direct physical loss or damage to its premises resulting from a covered cause of loss

## OPTIONAL COVERAGES MEDICAL PRACTICES LIKE YOURS SELECT

A wide range of optional coverages offer additional protection for risks that are unique to medical offices. Many are available separately or in cost-effective packages, giving you the flexibility to design a program that's right for your business.

**Data Breach** helps you pay for response expenses, legal costs and income protection if the sensitive personal information you collect or store is lost or stolen.

**Business Income Daily Limit Options** covers the daily income you lose – regardless of whether your appointments are rescheduled or not – if your office cannot open for a covered reason.

**Spoilage** helps replace perishable medicines that are lost due to temperature change resulting from a loss of power, the breakdown or failure of heating or cooling equipment, or contamination by a refrigerant.

### Reimbursement of Legal Expenses for a Court or Review

**Board** provides defense costs if you're required to appear before a civil court or state review board because of a disciplinary action that arises as a result of your professional activities.

**Employment Practices Liability (EPL)** provides coverage if you're sued by an employee, patron or vendor alleging discrimination, sexual harassment, wrongful termination or other types of claims relating to your employment practices.

**Accounts Receivable** provides coverage if you're unable to collect outstanding balances from your patients because of a covered loss or damage to your accounts receivable records.

**Business Income for Cloud Service Interruption** helps pay for lost income if you need to suspend or slow business operations because of an unplanned and unannounced interruption in your cloud service.

**Employee Dishonesty** provides coverage if an employee steals money, securities or other property owned by your business.

**Electronic Data and Interruption of Computer Operations** pays to replace or restore electronic data that has been destroyed, corrupted, or made inaccessible by a computer virus or covered loss, and any loss of business income.
