

# Why pay too much or too little when you can pay exact?

## ► Workers' Compensation | Payroll Billing

### With XactPAY<sup>1</sup>, there are:

**ZERO** down payments

**No** monthly billing or finance fees

**No** service charges

**No** more late payments

Minimal premium audit adjustments

Compared to direct bill, Payroll Billing customers generally owe nothing, or a very small amount, following their audit.<sup>2</sup>

### Choose XactPAY<sup>1</sup>: The Hartford's Payroll Billing Workers' Comp

Compared to an estimated annual payroll amount, our XactPAY Payroll Billing option relies on real-time payroll to calculate your workers' comp premiums, resulting in more accurate premium payments. This means you're less likely to pay more than you need to throughout the year – or have an audit\* adjustment at the end of your policy term due to under-reported payroll.

### Here's how it works.

- Your payroll company shares your payroll amount with us each time it's run.
- We calculate your owed premium based on your exact payroll and send you a "Withdraw Notification" email to let you know the amount due before the withdrawal occurs.
- We automatically deduct your premium from your bank account after each payroll cycle.

\* All workers' compensation policies require a premium audit.
