

# EVERYTHING JUST GOT BETTER. QUOTE DOWNLOAD IS NOW AVAILABLE IN ICON.

## SAVE TIME AND INCREASE PRODUCTIVITY WITH ANOTHER AUTOMATION FIRST

With Quote Download you can move quote information that's in ICON as well as some third-party data (e.g., construction, occupancy, protection, exposure (COPE) information) into your Agent Management System (AMS) as a New Business Quote.

Quote downloads are available for BOP quotes with a status of declined, non-bindable or ready to issue. As soon as you select "Download Quote to AMS," the NBQ policy download transactions will be in your IVANS account in seconds. For AMS360, the policy download transactions will be available the next day.
