BUSINESS OWNER'S POLICY (BOP)

A BOP can help protect your business in much the same way that a homeowners policy protects your home and personal possessions. The Hartford's BOP combines these essential coverages to provide a cost-effective solution to help safeguard your restaurant:

- **Business Property insurance** to help protect the property you own, lease or rent
- **Business Liability coverage** to help protect your business in the event it is responsible for causing harm to a person and/or damage to property
- **Business Income coverage** to help protect lost income if your business is forced to close due to direct physical loss or damage to its premises resulting from a covered cause of loss

A wide range of optional coverages offer additional protection for risks that are unique to restaurants. Many are available separately or in cost-effective packages, giving you the flexibility to design a program that's important to your business.
