

# One site, hundreds of resources at your fingertips.

## Your risk engineering resource.

Search over 700 curated resources to help customers of any size mitigate risk, train employees and protect their operations—all included as part of our business insurance policies.

With a My Account or EBC login, customers and agents get access to our searchable resource library with personalized features, so you can find and share resources that help prevent incidents—and claims—before they happen.

### Risk Mitigation Information

Access a wide range of practical tools, including technical papers, checklists, safety guides, and training materials, designed to support workplace safety, reduce exposure to common hazards, and protect your property and profits.

### On-demand e-Learning

Our interactive online training courses help managers and employees learn about mitigating key risks to their operations. Assign and track employee learning through LearnShare or share courses directly from the library. Course categories include driver training, property protection, workplace safety and more.

### Tailored Landing Pages

Learn about key risks and exposures on our dedicated landing pages, developed by our Risk Engineering specialists. Start with our hand-picked featured reads or explore related resources by topic to quickly learn the risk engineering strategies with the most impact.

### Advanced Search and Navigation

Our advanced search functionality allows users to filter content by industry, topic, coverage and resource type. Whether you're looking for a specific safety checklist or a general training module, our platform makes it easy to find exactly what you need.

### Personalized Features

Create a customized experience by saving your favorite resources, revisiting recently viewed items and sharing valuable content with your team. These features are designed to streamline your workflow and ensure quick access to the tools you use the most.
